## The Wonders of Japanese Sake

**Sho Chiku Bai: Premium Junmai Ginjo Sake \$ 25.90/300 ml**

Ginjo is a special reserve connoisseur class of sake. Most sakes are brewed with rice that has been milled 30%. For our Ginjo we use rice that is polished over 50%. Additionally, we use a special strain of yeast that allows for fermentation at a cooler temperature. The result of the slower, longer process is a silky-smooth, rich and fruity flavor. Character: Delicate, dry and silky smooth.

**Sho Chiku Bai :Tokubetsu Special Junmai Sake \$ 19.99/300 ml**

This special sake is made from highly polished (to 60%) Sacramento Valley rice. It is a well-balanced Junmai-shu with an exceptionally smooth texture. Character: Smooth, well balanced and full body, Dry/Sweet: +5 (medium dry) Texture: Smooth, Aroma: Mild, Serve: Room temperature to warm.

**Tamanohikari "Brilliant Soul"**

**Omachi Junmai Daiginjo Premium Sake \$ 35.99/300 ml**

This super premium sake uses only the famed Omachi rice, which is polished until it is 48% of its original size. The resulting drink itself has a full and well-rounded taste, with sufficient acidity to allow a clean finish.

**Tenzan "SHICHIDA Junmai ginjo Premium" Sake \$ 63.99/720 ml**

This sake combines the sweet aroma of white flowers and white peaches. The soft sweetness of peaches lingers on the palate, followed by a refreshing acidity and a sweet, long finish with full of "Umami".

**Wakatake Onikoroshi "Demon Slayer" - Junmai Daiginjo Super Premium Sake \$ 72.99/720 ml**

This Sake is from Shizuoka prefecture, and the brewery name is OmurayaShuzojo Co., Ltd. It was founded in 1832. This brewery is located on the east part of the Ooi River, that has clear water and mild climate. Onikoroshi means "Demon Slayer", a powerful strong sake able to kill demons. This beautiful sake is round and alluring with the texture of raw silk. Well balanced, mild sake that has a slight sweetness stemming from its elegant aromas and moderate dryness.

**Hakkaisan "Eight Mountain Peaks" : Tokubetsu Honjozo Sake \$ 31.99/300 ml \$ 57.99/720 ml**

Finest light sake that makes consumers loyal to Hakkaisan, brewed using spring water from the sacred Mount Hakkai. Smooth and fruity without too much complexity. Still some yeastiness and noticeable alcohol. Light-bodied and grainy texture. Enjoyable. Its SAKE has the perfect balance of understated appeal and a complexity which reflects Japan's natural richness. It deliciously complements any food. Of course, it never disappoints SAKE fans whose motto is, "Hakkaisan is all I need."

**Sho Chiku Bai :Nigori Silky Mild Sake (Unfiltered) \$ 19.75/375ml**

NIGORI is the way sake first appeared when it was brewed for the Imperial Court in Kyoto as well as for most of its 2,000 year history. It is coarsely-filtered and is one of the sweeter types of sake. It is especially delicious with bold or spicy foods. The bottle should be shaken each time before pouring due to the high rice content that settles in the bottom of the bottle. Bold and sweet. Rich and robust flavor with distinctive rice savor.

**Mio Sparkling Sake \$ 25.99/300 ml**

Refreshing, fruity and unique sweet aroma. Crafted in the traditional brewing style, with rice, water and Koji, Mio appeals to a wide range of tastes — a new sake for a new age

**Kikusui "Chrysanthemum Mist" \$ 29.99/300 ml Fountain of Youth Junmai Ginjo Sake**

In Japan, legend has it, that the water "水 SUI" from the chrysanthemum "菊 KIKU" was the source of perpetual youth and longevity of a mountain hermit who lived for seven hundred years, hence the chrysanthemum mist or "Kikusui" is known as the "Fountain of Youth" sake. Through the use of high quality rice, mountain spring water and craftsmanship since 1881, this refreshing sake with Mandarin orange like overtones, yields just the right amount of body and ends with an extremely clean finish. Crystal Clear with Absolutely No Additives. This crisp and comfortably dry delicious sake enhances any dish you eat.

**Tsukasabotan Yamayuzu Shibori Yuzu Sake \$ 43.99/720 ml**

Yuzu (10%) infused low alcohol (8%) sake. Refreshing and expansive fruity aroma of mountain yuzu. Perfectly balanced sake with a full flavor of yuzu and crisp acidity. Serve chilled.

**Otokoyama "Man's Mountain" Tokubetsu Junmai Sake \$ 42.99/500 ml**

Light, smooth and rich type. Quiet grain-like aroma with a hint of fruity nose. Refreshing lightness with vivid acidity. Very dry sake with sharp, right and full-bodied taste. From Hokkaido.

**Kubota Junmai Dai Ginjo DROP Sake \$ 34.99/300 ml \$ 69.99/720 ml**

Kubota Junmai Daiginjo is brewed in pursuit of achieving a "Magnificent New Taste". A hint of pear and melon with an elegant aroma, and excellent harmony and acidic taste gives a pleasant mouth-feel. This Junmai Daiginjo sake has a distinctive feature of Kubota, with even more smooth and clean texture with crisp flavor leaves a comfortable long finish.
